2026年第1季投資人說明會

IN SEARCH OF INCREDIBLE

問與答

1. What is ASUS's server revenue growth target for 2026, what is the expected shipment timeline for the VR200, and could you provide an update on the current order visibility?

A: Please refer to webcast 30:43.

1. What is ASUS's view on 2H26 PC demand? Has the traditional Q3 peak season seasonality changed due to consumers purchasing in advance? What is ASUS's view on global PC shipment YoY for 2026, as well as the YoY outlook for ASUS's own PC shipments and PC revenue?

A: Please refer to webcast 32:40.

3. Regarding the 10-15% guidance for Q2 operating results, what is the trend in terms of volume and price? Does the company also expect OPM% to continue expanding in Q2?"

A: Please refer to webcast 37:47.

4. Could you share whether the primary momentum for the 100% server growth this year is coming from the addition of new customers or growth in other areas? If the server business has reached a healthy profit margin, what range would that roughly fall into?"

A: Please refer to webcast 39:50.

5.

- ① Regarding the current market impact of the Mac Neo, does ASUS have a corresponding product strategy?
- ② Regarding the potential situation of senior executives transferring between key chip companies like Qualcomm and Intel, will this affect future product strategies and architectures?
- ③ What are ASUS's expectations for DRAM price hikes and the corresponding stockpiling strategy?

A: Please refer to webcast 43:41.

6. Has the next-generation NVIDIA Vera Rubin platform's specifications and launch timeline been confirmed? Is ASUS confirmed to be in the first wave of the launch, and what is the timeline for the ramping up of AI server orders and the revenue target for the full year?

A: Please refer to webcast 49:07.

7. What is the current status of memory and CPU supply? Is the shipment strategy primarily focused on high-end products?

A: Please refer to webcast 51:06.

8. In terms of IS BG, what are the respective proportions of AI servers and general servers? Looking ahead to future quarters and years, will general servers show significant growth?"

A: Please refer to webcast 53:53.
