| Balance Sheet Overview

Cash Balance

9.6 billion → **9.8** billion

With a current ratio of 182%, our robust capital structure provides the financial flexibility to support business growth and strategic investments.

Fund Balance

4.8 billion → **9.5** billion

Includes top-up balances and amounts collected and disbursed on behalf of customers, reflecting continued growth in user and merchant transaction volumes. The platform's payment transaction volume remains market-leading.

LINE POINTS Outstanding Balance

2.6 billion → **2.7** billion

Enhanced user engagement led to a point redemption rate of 97% in 2025, effectively fostering a virtuous cycle of transactions and platform stickiness.

Total Equity

10.8 billion → **11.0** billion

Net value per share: NT\$154; in 2026, a cash dividend of NT\$1.5 per share was distributed, while a stock dividend of NT\$0.5 per share is to be distributed. Steady profitability supports long-term capital structure optimization, enhancing market liquidity and capital flexibility.

Total Equity		11,005,594

Future Outlook

3

| LINE Pay Transaction Volume

Market Size and Growth Potentials

LINE Pay services encompass various parts of the consumer market. Based on the current market size, LINE Pay has a 9-fold growth potential. Additionally, as the consumer market steadily grows each year, LINE Pay's growth potentials will be infinite.

Growth Drivers

Average monthly transaction counts

Annual active users

Number of points-of-sale across Taiwan

Number of marketing campaigns

Consumption momentum from users

Proactive market expansion

Massive active users

Marketing integration capabilities

Payment Convenience

Progress on 2026 Service Initiatives

Continuously Enhancing the LINE Pay App Delivering Diverse Service Experiences

Centered on the LINE Pay App, we continue to expand diverse services beyond payments. Through exclusive features such as the AR features of Treasure Map and Tap Reward, we aim to deliver richer user experiences and further enhance the value of the platform.

New AR Map Feature

Tap Reward Home

Progress on 2026 Service Initiatives

Treasure map 2.0 - New AR features

Intuitive Information Display to Address Existing Map Pain Points

Through real-world street views, store information is presented at a glance, addressing key pain points of conventional 2D maps, including information overload, cluttered displays, and difficulty connecting map information with the actual surroundings.

Transforming Real-World Streetscapes into AR Advertising Spaces

Going forward, 3D imagery will be incorporated to deliver more engaging and visually appealing experiences, optimizing user experience and transforming the city into a dynamic space where information comes to life, while building an integrated digital advertising and marketing platform that merges the physical and digital worlds.

Progress on 2026 Service Initiatives

New interactive advertising platform - Tap Reward

Deepening Marketing Services to Build a More Comprehensive Payment Marketing Platform

Centered on the LINE Pay App, we continue to expand a diverse range of marketing services, from merchant exposure and transaction conversion to customer management, offering more comprehensive and flexible marketing tools for brands and partners of all sizes.

Creating Mutual Value Through Gamified Interactions, Unlocking New Payment Marketing Opportunities

By transforming advertising into gamified experiences, we provide users with engaging entertainment and attractive rewards, while connecting precise online exposure with offline traffic generation. This enables partners to effectively reach consumers and unlock new high-margin business models that extend beyond payments.

Progress on 2026 Service Initiatives

New interactive advertising platform - Tap Reward

Tap Reward Home Treasure Box & Energy Pal Rewards Center

Themed treasure boxes are placed at designated locations to attract users to specific offline commercial districts or partner merchants. By watching ads, users can earn various rewards, such as coupons and lottery tickets, converting online traffic into a driver of offline foot traffic.

Upcoming

Planned to integrate social and exploration features, allowing nearby LINE Pay users to randomly appear as "Energy Pals." Through surprise interactions where users can tap to earn rewards, the feature aims to capture users' spare moments and drive higher app open rates and user activity.

Partner with advertising platforms to offer users a wide variety of tasks, allowing them to easily earn points by completing simple and engaging activities.

Progress on 2026 Service Initiatives

New interactive advertising platform - Tap Reward

Point Lotto

Mini Game –
LINE Tracer

Mini Game –
Mahjong Connect

Watch ads to earn lottery tickets. With barrier-free participation and ads presented at random intervals, the feature encourages users to return regularly and increases overall platform engagement.

Encourage users to watch ads to earn in-game items or extra lives through fun and casual mini-games featuring points and rankings, motivating them to continuously challenge for higher scores and rewards.

| Tap Reward Operating Performance

» Strong Growth Momentum Since Launch, with Continued Growth in User Engagement

The launch of gamified advertising features and offline event promotions has driven significant growth in platform page views and user numbers, demonstrating Tap Reward's strong user appeal and expansion potential. This lays a solid foundation for expanding future advertising exposure and diverse business partnerships.

| Building a Comprehensive Payment Marketing Ecosystem

LINE Pay is continuously building a more comprehensive payment marketing ecosystem that connects user engagement, merchant exposure, transaction conversion, and customer relationship management, providing one-stop digital marketing solutions and creating greater value for both users and merchants.

Payshop .

Enables merchants to quickly issue digital vouchers, lowering the barrier to voucher issuance and effectively driving transaction conversion.

Marketing Platform .

Enables merchants to independently engage and manage customers through tools such as LINE POINTS and coupons, increasing repurchase rates and customer engagement.

Tap Reward .

Leverages gamified interactions and advertising mechanisms to increase brand exposure and drive online traffic to offline spending venues.

| Diversified Global Market Expansion

Deepening the South Korean Market

Continuing to deepen partnerships with leading brands frequently visited by Taiwanese travelers, while developing the content platform to expand in the Korean market.

Entering the Japanese Market

Expanding the points-of-sale of LINE Pay into Japan, the most popular market among Taiwanese travelers, through various investments and partnerships.

Expanding into Singapore and Hong Kong Markets

Enabling Taiwanese travelers to use familiar and convenient services abroad, making payments and enjoying a seamless overseas payment experience.
