Key Operational Highlights for 1H26

Reinforcing dual growth engines to strengthen monetization and profitability

Core Business: Multi-Engine Growth and Enhanced Monetization

Sustained 1P+3P Momentum: Core e-commerce GMV grew 7.1%, supported by deeper brand partnerships and a broader product assortment.

- **Stronger Engagement Among 1P Members:** Member engagement initiatives increased the number of purchasing members and improved conversion.
- **Continued Optimization of the 3P Ecosystem:** Improvements in platform governance, assortment quality, and merchant incentives continued to scale the platform.
- **Enhanced Advertising Monetization:** Higher ad-network penetration and integrated onsite and offsite traffic improved conversion and monetization efficiency.

Warehousing and Logistics: Greater Scale and Efficiency Raise Barriers to Entry

- **Improved Logistics Efficiency:** Process optimization and automation enhanced the customer experience and operating competitiveness.
- **Strengthening In-House Logistics Capabilities:** A higher self-delivery rate at Fu Sheng Logistics improved service quality and operating stability.
- **Expanded Logistics Network:** The delivery footprint across the NDC, CDC, and SDC continued to grow, strengthening nationwide fulfillment capacity.
