CHT Security Co., Ltd.
Q3 2026 Investor Conference

Speaker: Jeff Hung, President (General Manager)

Date: November 12, 2026

E-mail: chts_ir@chtsecurity.com

Statement

1. This document is provided by CHT Security Co., Ltd. (the "Company"). Neither the information nor opinions contained herein are intended to, nor do they, expressly or implicitly represent or warrant that they are fair, accurate, complete or up to date, and they should not be relied upon as such. The information contained in this document reflects conditions as of the date of publication and may not be updated to reflect significant developments occurring thereafter. The Company shall not be liable for any damages arising from the use of, or reliance upon, the information or contents contained in this document or any other information related thereto, whether arising from negligence or otherwise.

2. The statements in this document may express the Company's confidence in and expectations for its future vision, but these forward-looking statements are based on certain assumptions concerning the Company's operations and factors beyond the Company's control. Therefore, actual results may differ materially from the aforementioned forward-looking statements.

3. No part of this document may be directly or indirectly reproduced, redistributed, or transmitted to any other person (whether within or outside the Company) or published (in part or in whole) for any purpose.

Report Summary

Revenue and profit reached new highs

9M 2026 revenue was NT$1.744bn, up 19% YoY; net profit after tax was NT$356m, up 12% YoY; EPS was NT$8.75.

Profitability remained stable

9M 2026 gross margin was 45%, operating margin was 24%, and net profit margin was 20%, reflecting stable profitability.

All three business lines grew, and recurring revenue also increased steadily

9M 2026 revenue growth vs. the same period last year: Network Security Services (+7%), Cybersecurity Professional Services (+4%), and Cybersecurity Products and Solutions (+83%), driven primarily by Frontier AI cybersecurity threats, incident response, and red team exercises. Recurring revenue increased by 7.6%, while proprietary products and overseas market expansion also grew.

2026 revenue and profit expected to grow steadily; 2027 outlook cautiously optimistic

- October 2026 revenue was NT$191m (+32% YoY), with accumulated revenue of NT$1.935bn (+20% YoY)
- In 2026, supported by Frontier AI-driven cybersecurity demand and frequent security incidents and steady growth in recurring cybersecurity services, management is optimistic about double-digit revenue and profit growth. Cybersecurity demand and contract wins remain strong, and carry-over and new orders will extend into 2027; management remains cautiously optimistic about the 2027 outlook.

Agenda

中華資安國際
CHT Security

1. Company Overview
2. Operational Explanation
3. Ongoing Improvement and Operational Outlook
4. Financial Overview
5. Q & A

Company Overview

Established: December 2017

Capital: NT$406 million

Employees: Over 390

Listing date: September 8, 2025

Stock code: 7765.TW

We strive to build secure and trustworthy ICT services, becoming the guardian of digital economy and digital life.

Integrity Professional Altruism Global Perspective

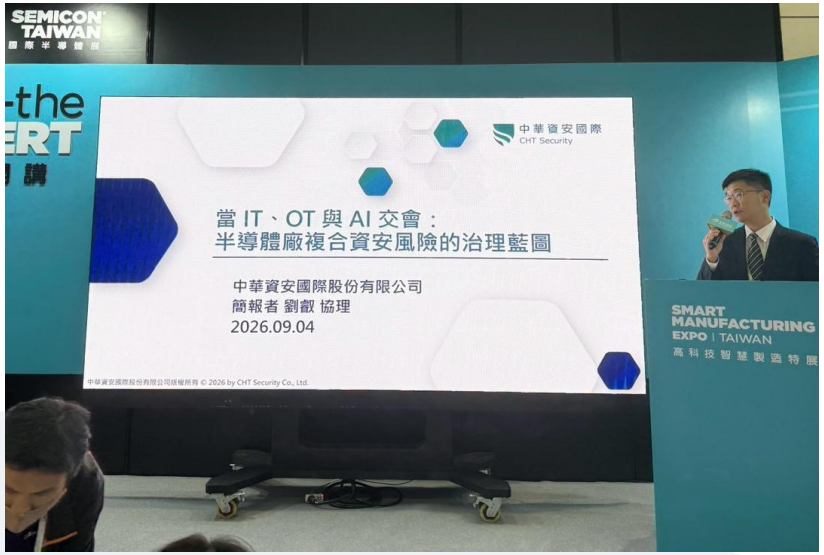

1. Company Overview – Proprietary AI Archway Product Wins Award

- AI Archway won the 2026 Taiwan AI Excellence Award, recognizing our in-house developed AI cybersecurity and governance product
- Co-founded the Stablecoin and Virtual Asset Security Alliance, providing cybersecurity monitoring and incident-response services for virtual asset service provider (VASP) trading platforms to safeguard digital assets
- Exhibited at InfoSec in July and SEMICON Taiwan in August, showcasing semiconductor cybersecurity solutions including AI, OT, and SEMI E187 consulting
- Offered the Anti-Fraud Captain App for free public download in July, using patented AI recognition technology to automatically analyze and block fraudulent messages

2. Operating Overview

Network Security Services

Providing internet security protection services for broadband and mobile network households, mobile internet users, and enterprises.

Cybersecurity Professional Services

Providing cybersecurity services for clients, including Security Assessment, SOC, MDR, CERT & Digital Forensics, ISMS, etc.

Cybersecurity Products and Solutions

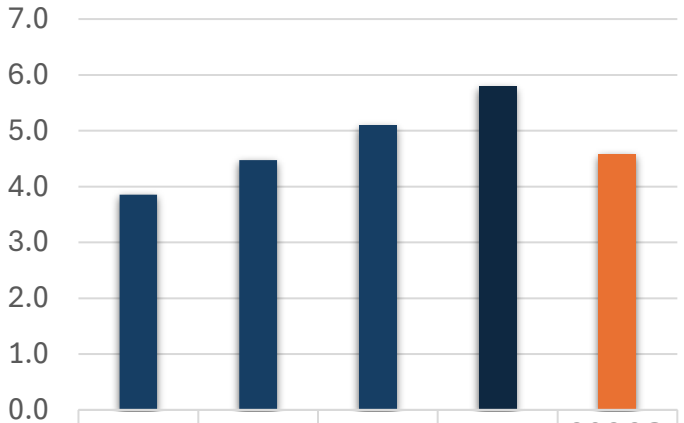

Introduction of domestic and international cybersecurity firms' hardware and software, and development of proprietary products, to assist clients in cybersecurity defense, detection, and response management.

Unit: NT$100 million	9M 2026	9M 2025	YoY
Network Security Services	4.58	4.26	7%
Cybersecurity Professional Services	8.27	7.92	4%
Cybersecurity Products and Solutions	4.59	2.51	83%
Total	17.44	14.69	19%

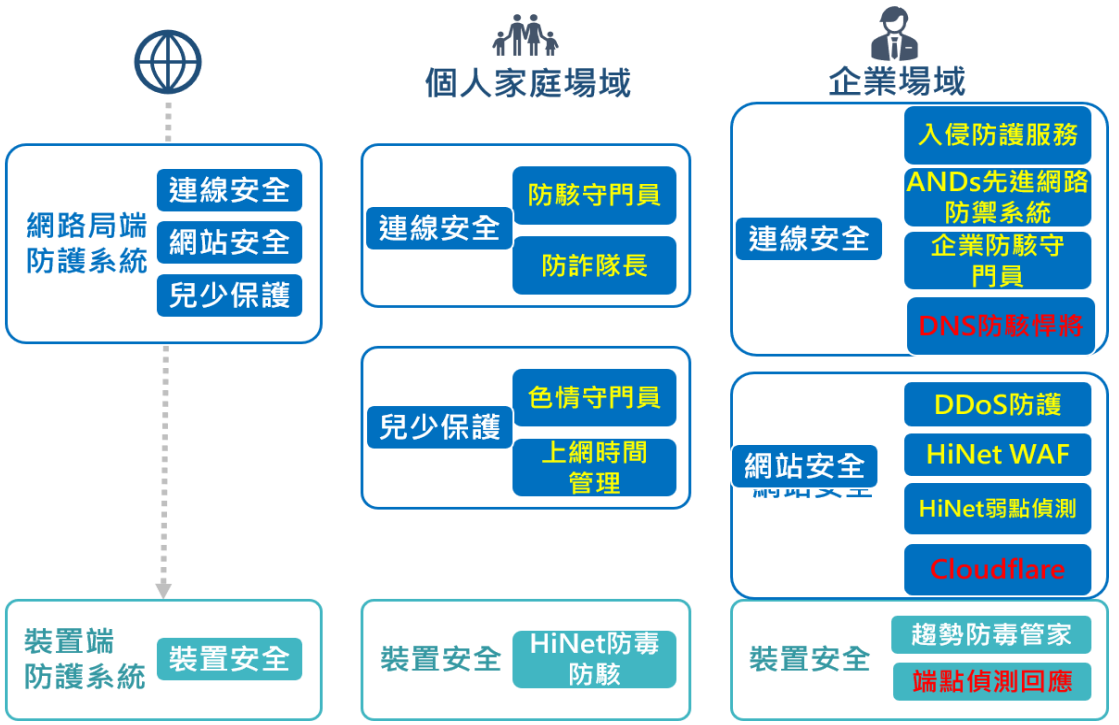

2. Operating Overview – Network Security Services: Business Model and Operating Performance

Business model: monthly subscription fees, generating recurring revenue

- 9M 2026 revenue reached NT$458m, up 7% YoY; net customer additions were 120,000, bringing total customers to 1.26m.
- Enterprise security
  - Partnered with CrowdStrike and SentinelOne to launch endpoint detection and response (EDR) software and DNS Gatekeeper, with nationwide sales launched through Chunghwa Telecom channels.
  - Signed an MSSP agreement with Cloudflare to expand network security services such as DDoS and CDN protection for non-HiNet and multinational customers.

	2022	2023	2024	2025	2026Q3
Revenue (NT$100 million)	3.9	4.5	5.1	5.8	4.58

2. Operating Overview – Cybersecurity Professional Services: Business Model and Operating Performance

Business model: provide long-term or one-time cybersecurity services, with revenue including recurring and one-time income

- 9M 2026 revenue reached NT$827m, up 4% YoY.
  - SOC/MDR customers and revenue continued to grow steadily, with a renewal rate above 90%.
  - Increased demand from the financial, healthcare, and high-tech manufacturing sectors for AI cybersecurity and red team exercises drove revenue growth in security testing, security monitoring, and incident response.
- A recent sharp rise in enterprise cyberattack incidents drove a surge in incident response and digital forensics cases, creating opportunities in cybersecurity health checks, SOC/MDR, and proprietary products.

	2022	2023	2024	2025	2026Q3
Revenue (NT$100 million)	6.6	8.7	10.1	11.3	8.27

提供符合美國NIST網路安全框架2.0的事前檢測、事中監控應變、事後鑑識復原，以及資安治理，協助政府及企業強化資安韌性

事前

- 資安健診
- OT資安健診
- 雲端資安健診服務
- 原始碼檢測
- 弱點掃描
- 滲透測試
- 紅隊演練
- APP檢測服務
- IoT 檢測服務
- 社交工程演練
- 資安風險評級服務
- 藍隊演練服務(BAS)
- 電腦系統資訊安全評估

事中

- 資通安全威脅偵測管理(SOC)服務
- MDR威脅偵測應變服務
- 網頁存活與異動監測服務
- 資安事件緊急應變服務
- 惡意程式快篩服務
- 數位鑑識服務
- 資安自動化應變(SOAR)
- 資安情資分享與自動聯防

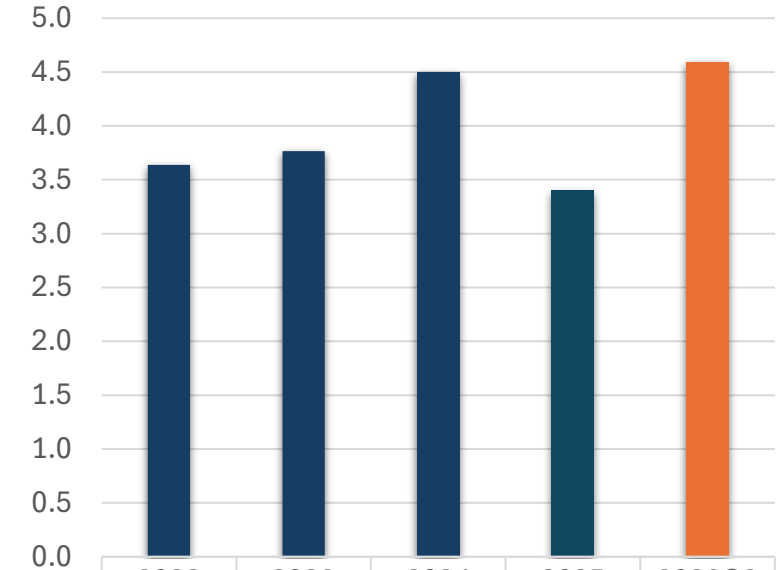

事後

- 資料備份與系統備援
- 業務持續計畫（BCP）
- 鑑識調查
- 災後復原/強化重建
- IR Playbook 演練

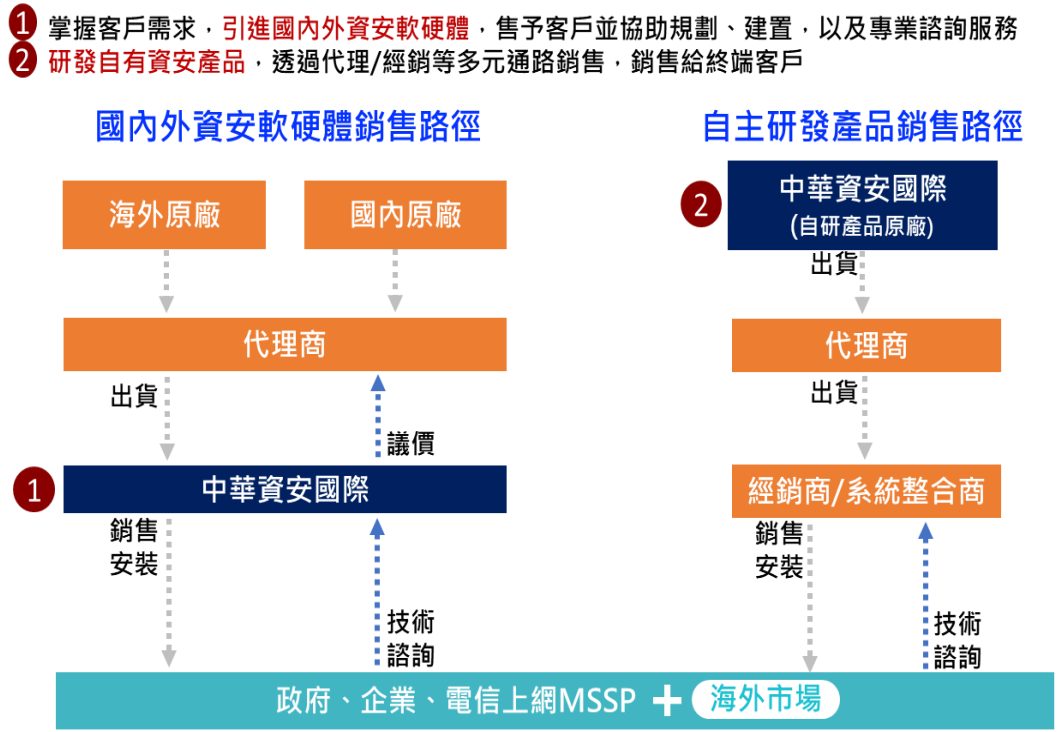

2. Operating Overview – Cybersecurity Products and Solutions: Business Model and Operating Performance

Business model: provide cybersecurity hardware and software through project tenders or supply contracts; revenue is non-recurring

- 9M 2026 revenue reached NT$459m, up 83% YoY.
- Revenue growth was mainly driven by completed delivery and acceptance of large domestic and overseas projects, as well as stronger-than-expected sales of cybersecurity equipment to customers.

	2022	2023	2024	2025	2026Q3
Revenue (NT$100 million)	3.6	3.8	4.5	3.4	4.59

2. Operating Overview – Proprietary Product Sales Performance

- Proprietary product sales grew; 9M 2026 revenue reached NT$30.2m, up 21% YoY
- SecuTex NP and ED released version 2.0. AI Archway won the 2026 Taiwan AI Excellence Award and launched a SaaS service

	2023	2024	2025	2026Q3
Revenue (NT$ million)	13.4	50.5	55.5	30.2

01 SecuTex NP

BC Best Choice AWARD

- Full-time 10Gbps packet capture
- Detects malicious activity, abnormal behavior, and anomalous IoT-device activity

02 SecuTex ED

BC Best Choice AWARD

- Supports asset management, cybersecurity compliance, and malicious-activity detection
- Bundled with Network Security Services; 140,000 units sold, with +20,000 units in Q3

03 資安眼 HorusEyes

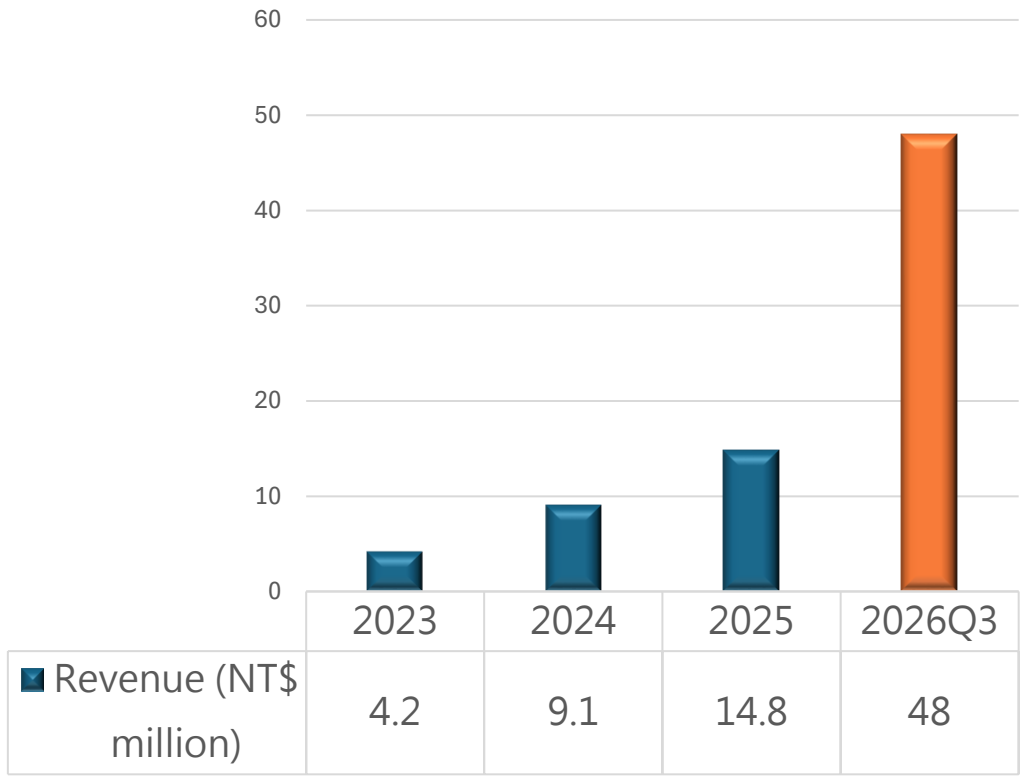

Uses AI to score exposure risks across corporate websites and online assets, and provides expert reports and remediation recommendations; Horus Eyes Professional and Supply Chain editions to follow

04 AI安檢通道 AI ARCHWAY

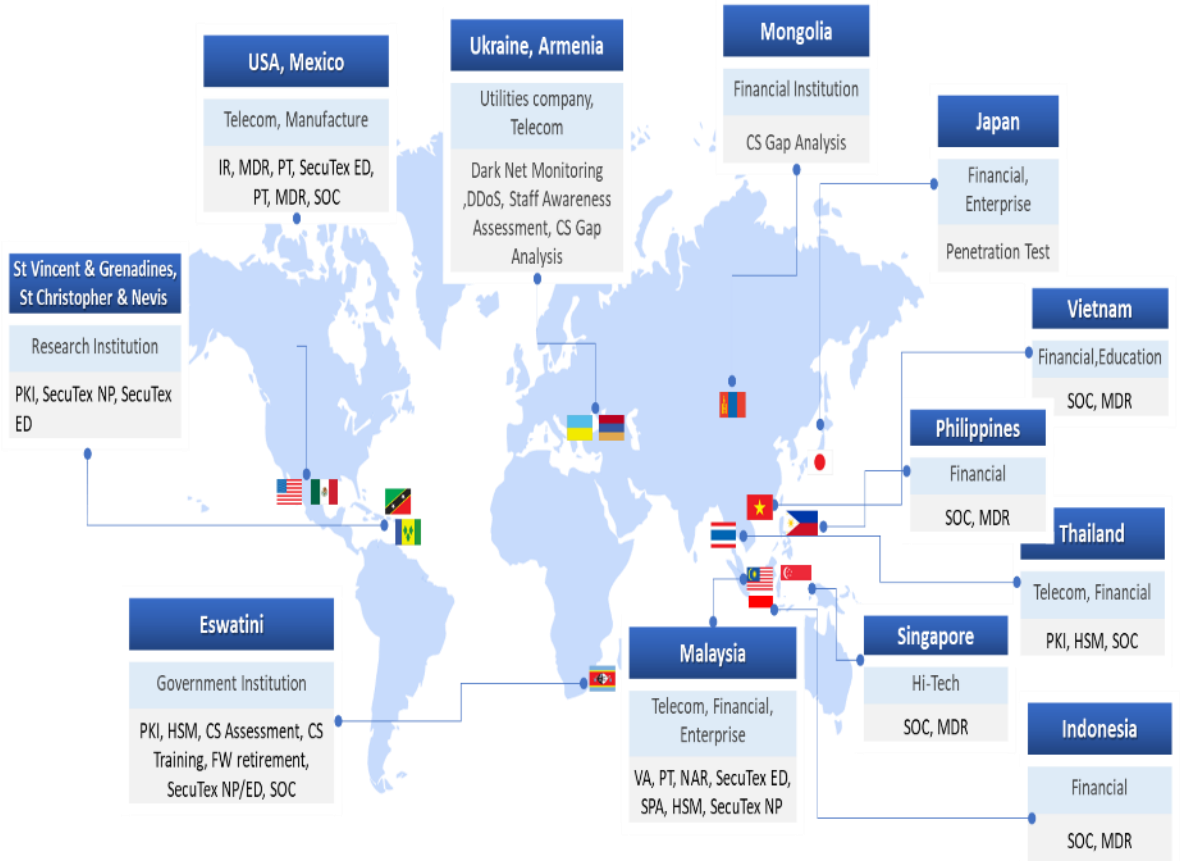

Helps customers use AI safely, govern AI usage, and prevent sensitive-data leakage, meeting the needs of finance, healthcare, government, semiconductor, and high-tech sectors.

2. Operating Overview – Overseas Market Expansion

- Continued overseas market expansion and search for local partners; 9M 2026 overseas revenue reached NT$48.0m, up 261% YoY
- Growth was mainly driven by overseas semiconductor and financial-sector revenue; cooperation with a Malaysian partner also expanded local market development.
- In Q3, won a new project from a Japanese manufacturer, opening a new market in Japan

	2023	2024	2025	2026Q3
Revenue (NT$ million)	4.2	9.1	14.8	48

2. Operating Overview – Business Performance

9M 2026 revenue and profit reached record highs

Revenue

NT$1.744 billion

Revenue +19% YoY (9M 2025: NTD 1,469m)

Net profit after tax

NT$356 million

Net profit +12% YoY (9M 2025: NTD 317m)

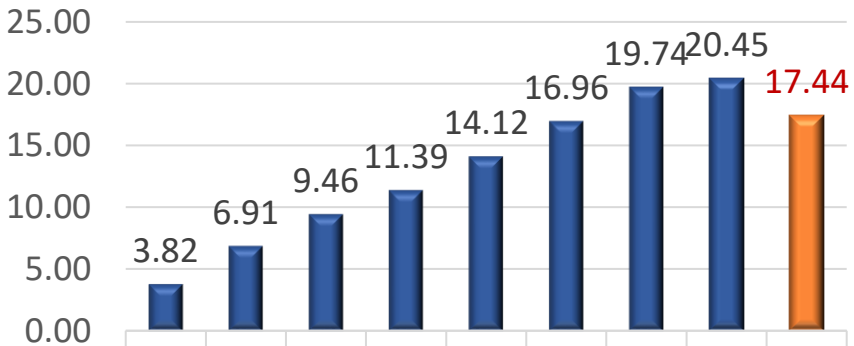

EPS

NT$8.75

EPS +3% YoY (9M 2025: NTD 8.52)

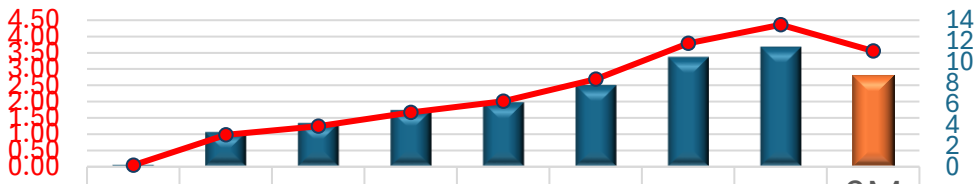

Unit: NT$100 million

Operating revenue

	2018	2019	2020	2021	2022	2023	2024	2025	9M 2026
Operating revenue	3.82	6.91	9.46	11.39	14.12	16.96	19.74	20.45	17.44

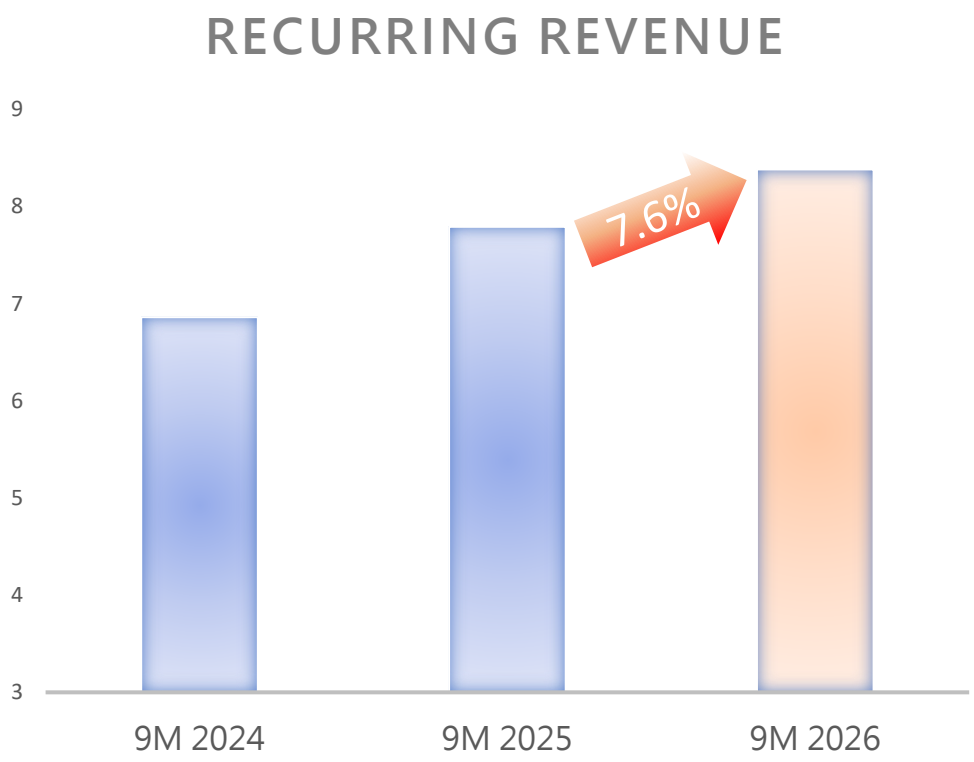

Net profit (NT$100m) Net profit after tax and EPS EPS (NT$)

	2018	2019	2020	2021	2022	2023	2024	2025	9M 2026
EPS (NT$)	0.15	3.28	4.15	5.40	6.15	7.80	10.47	11.47	8.75
Net profit after tax (NT$100 million)	0.05	0.98	1.24	1.67	2.01	2.70	3.79	4.36	3.56

2. Operating Overview – Revenue Type

- Recurring revenue in 9M 2026 grew 7.6% YoY
- Recurring revenue accounted for 48% of 9M 2026 revenue

Unit: NT$100 million

3. Continuous Improvement and Operating Outlook

Empower cybersecurity with AI; secure AI with cybersecurity

- Develop Agentic AI SOC to improve cybersecurity service operating efficiency
- Introduce Frontier AI for cybersecurity testing and adversarial defense
- Provide AI application security testing, AI health checks, and monitoring and response services.

Cloud, on-premises, and OT integrated security

- Continue expanding drone, maritime, and low-earth-orbit satellite security businesses.
- Discuss MSSP partnerships with global cloud providers
- Lab to obtain SEMI E187 certification; launch semiconductor equipment cybersecurity testing services

Develop and commercialize proprietary product features

- SecuTex NP will add ICS traffic capture, analysis, and asset visibility
- SecuTex ED will add CIS (Center for Internet Security) benchmark and SEMI E187 compliance checks
- Horus Eyes will launch Professional and Supply Chain editions
- AI Archway: will add a Desktop edition, LLM AI application protection, etc.

Overseas market expansion

- Expand sales in Japan; sales achieved in 15 countries to date
- Started local sales cooperation with a Malaysian partner.
- Expand internationally by "finding local partners," "working with Taiwan's international cooperation system," and "following Taiwanese businesses overseas."

3. 2026 and 2027 Operating Outlook

Recurring revenue

Network Security Services / SOC / MDR

9M 2025	9M 2026	Full-year 2026 outlook
NTD 779m ➡	NTD 838m	➡ Steady growth
	YoY+7.6%	

One-time revenue

One-time cybersecurity professional services / Cybersecurity Products and Solutions

9M 2025	9M 2026	Q4 2026 outlook
NTD 690m ➡	NTD 910m	➡ Q4 orders on hand: approx. NT$400–500m
	YoY+31.9%	

2026 Outlook

Q4 is the Company's traditional peak season, with steady recurring revenue and projects progressively completed and accepted; management remains optimistic about double-digit growth in full-year revenue and profit

2027 Outlook

Recently, supported by Frontier AI-driven cybersecurity demand and frequent security incidents, cybersecurity demand and contract wins remain strong. Carry-over and new orders will extend into 2027, and together with steady growth in recurring cybersecurity services, management remains cautiously optimistic about the Company's 2027 outlook.
