System Business Group

2026 Q2 Performance

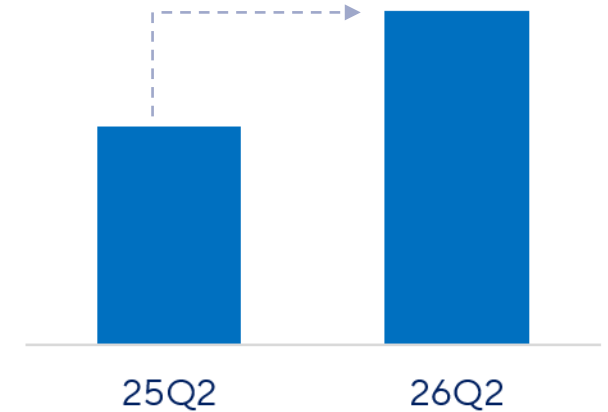

PC Revenue
+20% YoY

High-Value Product
Revenue Share > 65%

Commercial PC Shipments
+50% YoY

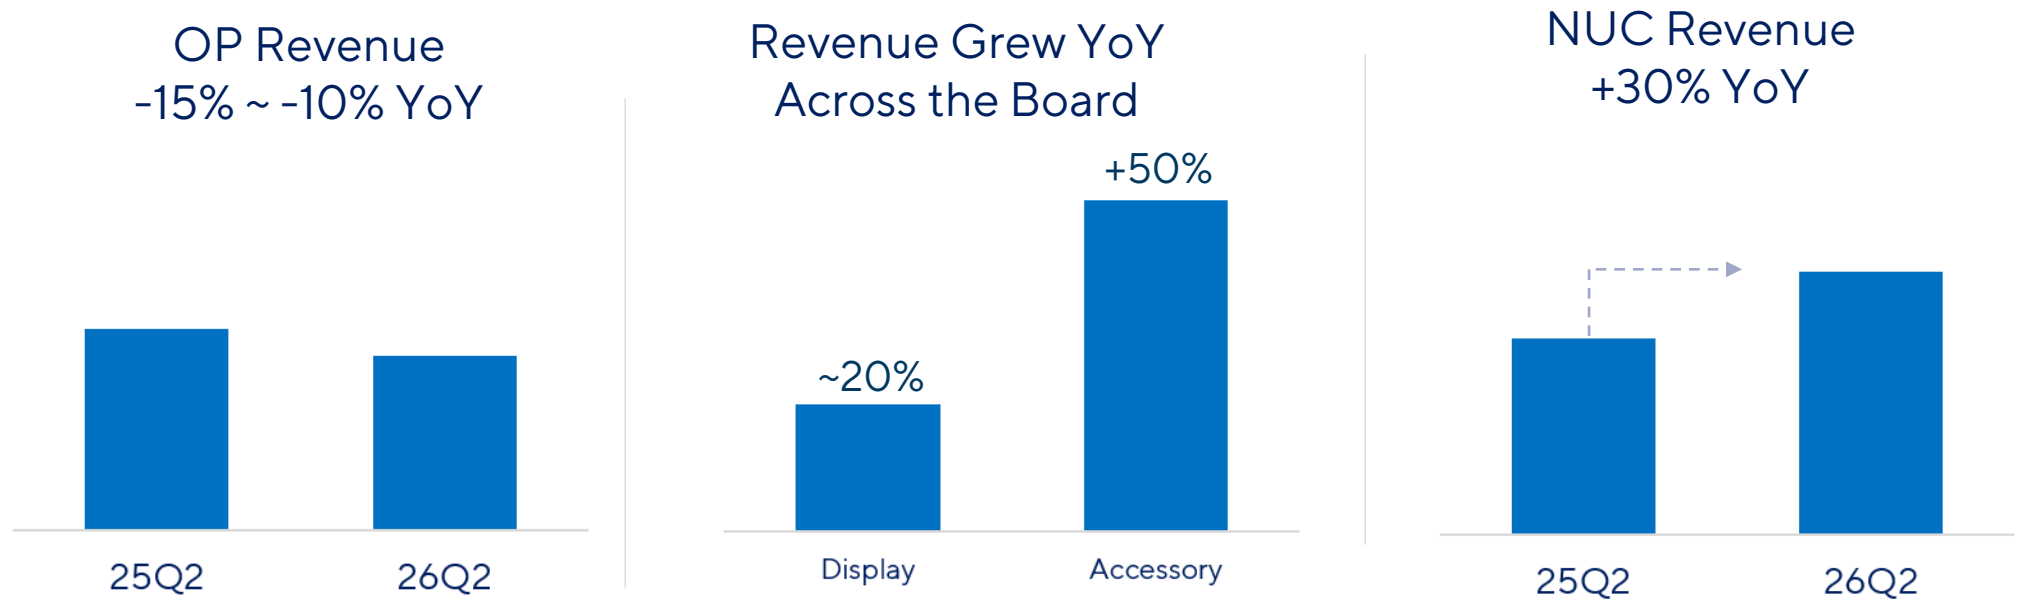

Business Highlights

- Robust growth in PC Revenue and AI PC takes over 30% share of consumer revenue.
- Majority of revenue from high-value products to support profit resilience.
- Sustained expansion in Commercial PC shipments with over 50% growth.

Open Platform Business Group

2026 Q2 Performance

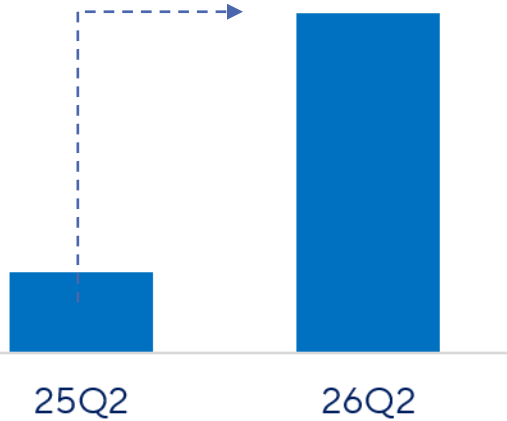

Business Highlights

- Display & Accessory strengthen gaming leadership and boost revenue.
- The increase in NUC revenue was attributable to higher demand for the ASUS Ascent GX10.
- Component business is emerging from a cyclical trough while industry headwinds are gradually easing.

Infrastructure Solutions Business Group

ASUS Accelerates AI Factory
Deployment with NVIDIA
DSX at COMPUTEX 2026

ASUS AI Lab Validates AI
Infrastructure for
Enterprise-Scale Reliability

Business Highlights

- Server business scales new heights with 2X revenue growth.
- At COMPUTEX 2026, ASUS showcased end-to-end AI factory solutions, transforming AI factory blueprints into deployment-ready infrastructure with NVIDIA DSX, enabling customers to validate power, cooling, networking, storage, and facility readiness through digital twins before deployment.
- The ASUS AI Lab validates AI infrastructure through rigorous real-world testing, optimizing thermal performance, power delivery, and liquid cooling to ensure enterprise-grade reliability.
