2026年第2季投資人說明會

IN SEARCH OF INCREDIBLE

問與答

1. 26Q3 guidance indicates that PC revenue is expected to grow 15%–20% QoQ. Could you break down the expected growth between ASP and shipment volume? Also, what is your outlook for global PC shipments in 2026, and what is ASUS's shipment target for the year?

A: Please refer to webcast 34:23.

2. Could you share the key drivers of the 26Q2 margin improvement? And, given the stronger profitability, do you see room to raise your profitability targets going forward?

A: Please refer to webcast 37:24.

3. Could you share the shipment and revenue mix of rack products within the server business? For 3Q26, is server growth expected to be driven mainly by rack products or the HTX form factor? In addition, what are your 2026 shipment and profitability targets for the server business, and how do you view the availability of key components for new server products?

A: Please refer to webcast 42:14.

4. Given your strong confidence in PC growth in 2H26, could you share the expected contribution from commercial PCs? Are there any key markets or product segments that ASUS is particularly focused on in the commercial PC business? What are the key factors driving ASUS's wins in this market?

A: Please refer to webcast 46:32.

5. Could you share whether Zenni Claw's on-device model would consider using models such as Claude or ChatGPT?

A: Please refer to [webcast 49:54](#).

6. For the ProArt P16 and P14 powered by NVIDIA RTX Spark, what are ASUS's expectations for annual global shipments? Does the company have a target market share, and what is the expected price range for these products?

A: Please refer to webcast 54:25.
